LL.M. made in the USA

For more than 40 years, the German-American Lawyers Association (DAJV) has been successfully conducting seminars and fairs to prepare European lawyers for additional education in the United States. Over the years, our programs have produced thousands of graduates.

To cater to a changing market environment and evolving needs, we have completely revamped the format for 2019. The seminar and fair are now condensed into a single day, and will take place in a single venue. While the seminar part will now focus on critical topics not readily found online, the fair will continue to provide opportunities for meaningful personal interactions. This differentiates our offering from the more fleeting atmosphere of many academic fairs.

Wallraf-Richartz-Museum

The Wallraf invites you to come face to face with great masterpieces of European art. The museum has one of the world’s leading collections of mediaeval painting, with Stefan Lochner’s “Madonna of the Rose Bower” as its greatest attraction. Other highlights include works by the Baroque masters, ranging from Rubens and Rembrandt to Murillo and Boucher, the German Romantics, French Realism, and Impressionism.

**Embark on a voyage through 700 years of art history**
Thanks to the paintings from the Fondation Corboud, the Wallraf-Richartz-Museum has the widest collection of impressionist and neo-impressionist art in Germany. Manet, Monet, Renoir, Pissarro, Sisley, Morisot, Signac and Seurat are all represented by outstanding works, and van Gogh, Cézanne, Gauguin, Bonnard, Ensor and Munch herald the way to modernism.

**Experience a major painting gallery in a modern ambience**
The building by Cologne’s star architect Oswald Mathias Ungers (1926-2007) was opened in 2001, and captivates the eye with its clear proportions. The facilities for the permanent collection are constantly optimised. A wealth of information is provided in ways that invite visitors to look and think.
