The German American Lawyers' Association is proud to welcome our colleagues from the American Board of Trial Advocates (ABOTA) to our annual conference in Frankfurt this year. After an impressive demonstration of a mock trial in Berlin and of cross examinations in the U.S. District Court of Boston, we are excited to see what insights they will now give us into their negotiation strategies as trial lawyers and what positions they will take in the panels on current legal issues. Take the opportunity to participate in this transatlantic dialogue and join our network.
